

Reference

Single-family house, Germany

Short Info

City / Country:	Germany
Year:	2015
Object type:	Residential Building
Solutions:	LAMILUX Glass Roof PR60

When building a new single-family house, the owners wanted a bright, light-flooded living and dining area. We were able to achieve this thanks to our LAMILUX Glass Roof PR60.

In addition, two fan blades were installed in the 4m x 4m pyramid, which can be ventilated via unobtrusively installed chain drives.
